The purpose of the visit was to provide companionship, support, and care to the residents of Snehabhavan, who are primarily senior citizens requiring geriatric care and assistance. The mother superior and the residents warmly welcomed the students and faculty from Nirmala College of Pharmacy. A brief introduction and orientation about the facility were provided by the staff in charge. About 23 inmates were residing there. The visit helped the volunteers to interact with and provide emotional support to the elderly residents and to offer assistance and engage them in activities that promote the physical and emotional well-being of the elderly. They spent time engaging in conversations and listening to life stories, experiences, and concerns. Various entertainment activities were organized including music sessions and simple games, to bring joy and laughter. This was also an opportunity to realize how to help and love the neediest group of society. Mr. Eby George, NSS coordinator conveyed gratitude for the opportunity they provided and returned at 12.30 PM.
