A medical camp at the residence of Panchayat member of Avoly Grama Panchayat was held on 21/11/2019 to provide essential healthcare services, screenings, and medication counselling to the local population, particularly those who may have limited access to healthcare facilities. The camp was organized by the student chapter of ISPOR (International Society for Pharmacoeconomics and Outcome Research) in association with NSS and was inaugurated by Administrator Fr. Jos Myladiath at 2 pm. Information about the camp was circulated through the kudumbasree members and were informed to assemble at the residence of Panchayat member for the camp. BP and diabetes screening were done and those with borderline elevation were counselled about the lifestyle modification. Patients requiring specialized care or follow up were informed to consult the doctor to manage the condition. Information sessions were also held to educate the community about preventive measures, nutrition and hygiene and disease management. The proper storage and usage of medicine was emphasized to those who are regularly taking medicines. Kudumbasree volunteers played a crucial role in assisting with registration, arranging the venue and refreshments. 30 attendees received the pharmaceutical care and was appreciated by the Panchayat member. This was a significant step toward addressing the healthcare needs of the community. The program ended at 4.30 pm .
