No. of participants benefitted	150

A scientific exhibition for school children was organized on 01/03/2022 at Nirmala College of Pharmacy. The purpose of this event was to promote scientific curiosity and interest among secondary and senior secondary students by showcasing various scientific concepts, experiments, and inventions in an interactive manner. The exhibition aimed to foster a thirst for science and inspire the next generation of scientists and innovators. The event began with a welcoming address by Principal Dr. Badmanaban R, emphasizing the importance of science in our daily lives and its role in shaping the future. The program was inaugurated by Administrator Fr. Jos Mailadiath, who encouraged the students to explore the exhibits and scientific demonstrations. A wide range of exhibits covering the production of drugs, plant-derived products, Biochemical reactions, administration of drugs, different pathological conditions, anatomical slides, skeleton etc were displayed. Each exhibit was designed to be informative, allowing students to observe and participate in experiments. Research works, models, and innovative ideas including newer developments like 3-D printing were explained. Throughout the day, there were interactive sessions where school students could ask questions to faculty and students of Nirmala College of Pharmacy. The program concluded with a closing ceremony at 3.30 pm and the participants expressed gratitude for the opportunity to inspire their scientific knowledge.
