Events	Green campus initiative
No. of students participated	20 volunteers and 3 faculty
No. of participants benefitted	Societal benefit

On 14th July 2023, the NSS unit of Nirmala College of Pharmacy organized the Green Campus initiative, at St. Joseph UP School, Peringuzha. The program aimed to promote environmental sustainability by planting approximately 100 saplings in and around the school premises. The event commenced with a prayer song, and Sujjala Subash, NSS leader, Nirmala College of Pharmacy delivered a welcome speech, expressing gratitude for the opportunity to contribute to the school's green initiative. Mrs. Greeshma G Nair, NSS Coordinator provided an introduction about the activities and objectives of the program. The program was officially inaugurated by the Panchayat President by planting the first sapling in the corner of the school garden. This symbolic gesture marked the beginning of the tree-planting activities. With the guidance from the school headmaster and teachers, the NSS volunteers actively engaged in planting the saplings both within the school premises and along the sides of the health center located nearby. In addition to the tree planting, the volunteers also conducted a cleaning drive in the school and surrounding areas, promoting cleanliness and hygiene. To spread the message of environmental conservation, students designed informative charts and banners related to tree plantation. These were displayed to raise awareness among the local community about the importance of planting trees. The event concluded at 4:00 pm with a vote of thanks delivered by Tinil Tomy, NSS volunteer, Nirmala College of Pharmacy and expressed appreciation for the enthusiastic participation of volunteers and the cooperation of school management in making the event a success. Dr. Merrin, faculty member, officially thanked the school
