Venue	Govt Hospital, Muvattupuzha
Collaborating agency	NSS and Women cell, Nirmala College of Pharmacy
Events	Food distribution
No of students participated	40
No. of participants benefitted	50

On March 8th, 2023, a food donation program was organized by the NSS unit and the women cell of Nirmala college of Pharmacy at the Government Hospital in Muvattupuzha. The aim of the program was to provide nutritious meals to the patients and to support them during their stay at the hospital. The program was executed with careful planning and dedication. The information regarding the number of food packets and the contact details of staff in charge were informed to the students well in advance. This was communicated to all students and 40 students voluntarily interested to participate. They were willing to donate 50 food packets, prepared from their own home, that include required balanced nutrients. The food packets were submitted to Ms. Sini Baby, In-charge of Women cell at 9.30 am and arrangements were made to ensure the safe and timely transportation of the meals to the hospital premises. Three students and two faculty were also gone to the hospital to ensure that the program meets its objective. The packets were kept at the specified location for free food at 12.30 pm and the patients/bystanders collected the packets from there. The recipients of the food were very happy and appreciative of our gesture. The hospital authorities also thanked us for our initiative and cooperation.
